

THE POST.

MIDDLEBURG, MARCH 3, 1870.

TOWN AND COUNTRY.

NOTICE.

Notice is hereby given to the Juries, Suits, and others interested, that the Adjourned Court fixed for the second Monday (14th) of March, inst., will not be convened.

By order of Court.

J. Crotteau, Proth'y.

March 1, 1870.

FULL Court proceedings and a statement of the Snyder county finances will appear in our next.

The attendance at court the forepart of this week was large and a great deal of business was transacted.

A HORSE belonging to David Stahlbecker was so badly kicked one day last week by another horse that the owner was compelled to shoot him.

We have received the first number of the *Watson's Record*, a new and spicy paper edited by Oscar Foust & Co. We wish our young friend, Oscar, success in his editorial career.

An exchange says: Sharpers are now going about the country buying poultry, butter eggs, etc., at no price asked for the same in counterfeited greenbacks. Our farmers should be on the lookout for such rascals.

LET every man who has a dollar keep it moving, and it will eventually come back to him. Money is of no account whatever, unless it is kept in use. Boarded up it is curse, kept in circulation it is a blessing.

BY AN ORDER issued by the Court on Tuesday it will be seen that the Adjourned Court which was fixed for the 17th inst., will not be convened. Jurors, suitors, constables, and others interested, will please make a note of this.

WE learn that the attendances at several of the schools of Monroe township are very slim on account of many of the children of that township having the measles. Our informant states that two children of one family were confined at one time.

A SCHOOL TEACHER in Franklin township was arrested a few days ago on the charge of cruelly beating one of his pupils. A hearing was had before Justice Mitchell, and after paying seven dollars fine the teacher left the county.

FOR A good stew of oysters or a glass of Lauer's ale, call at the saloon of Benj. Bachman, nearly opposite the Court House. Ben. is always ready to supply his customers with the best oysters, tripe, ale, cider, &c., in the market. Give him a call.

THE traveling public will find the Eagle Hotel in this place a good stopping place. Mr. Stuhmeyer the commanding proprietor, will spare no pains to make his guests comfortable. His table is supplied with the best the market affords and his bar is filled with the choicest liquors. Give him a call.

REPORTS to the Indian Office of the condition of the Indian tribes in Arizona represent masters as generally quiet. The Apaches have committed some depredations, but the other Indians have been unusually quiet. The Indians on the Colorado reservation are at work Irrigating Canal, averaging about 200 being employed daily at fifty cents each for eight hours labor. A ration of one pound each of flour, beans, and fresh beef is also given to the laborers.

Some Congressmen make a mean business of interrupting their collenges during debate, so as to spoil the continuity and force of what the speaker may be saying. The other day Knox, of Kentucky, was speaking and was interrupted with the usual "Will the gentleman yield?" He replied that he hadn't troubled the House with a speech for three years, and thought he should now have his say uninterrupted; "there are some members here," said he, "who would have stopped the sermon on the Mount by asking the Saviour to yield to them."

PUBLIC SALES.—Thursday, Feb. 24, sale of live stock, farm implements and household furniture of Solomon Bowersox of Centre township.

Saturday, March 12.—Live stock farm implements, &c. of John M. Arand of Midcreek township.

MARRIED.—REIGLE.—On the 24th ult., by Peter Shindel, John Hatley and Mary E. Reigle, both of Snyder County.

BONE FELON.—Of all painful things, can there be any so exasperatingly painful as a bone felon? We know of none. It is quite frequent and the subject of much earnest consideration we give the latest recipe for its cure, which is given by that authority, the London *Laser*.

As soon as the pulsation which indicates the disease is felt, put directly over the spot a fly blister about the size of your thumb nail, and let it remain for six hours, at the expiration of which time, directly under the surface of the blister, may be seen the felon, which can be instantly taken out with the point of a needle of a lancet.

[RECOMMENDED.]

THE patrons of the public school taught by T. A. Wagner in West Beaver township were entertained on last Wednesday evening in the new school house erected last summer. The school was examined in the several branches which they pursued this winter by Co. Sup't. Moyer, T. A. Wagner and Jas. Kreis. The readiness with which the pupils answered many of the proposed questions showed that they had been taught by a live teacher. The singing by the school was excellent. A chant on the outline map was well received, this is the only house supplied with maps in the township. Two directors, three teachers, and an overflowing house were present. An able address at the close was delivered by the Co. Sup't. May the teacher continue faithful to the end.
